

When and Where (Remastered Album Version)

Confederate Railroad

It's a busy day, I'm a busy man
Gotta hectic schedule and my whole week's planned
People say I'm hard to reach
But she knows how to get ahold of me
Chorus: I can tell it's her by the way the phone rings
When she calls I drop everything
Snaps her fingers and I'm there
Hello darlin' when and where
Climbing ladders, punching clocks
Love and money it's a paradox
I'm motivated as the next guy
but man's gotta prioritize
Chorus: Anytime, anyplace
Say the word and I'm on my way
Chorus
