Church Bells

The Twin Atlas

Let church bells ring
let children sing
even if they don't know why
let them sing
why drown their joy
stifle their voice
just because you've lost yours
may all jaded hearts be healed.
Amen.Let all men dance
lift up their hands
even if they are naive
let them dance
you've seen it all
you watch them fall
wash off your face and danceMay all weary hearts
be filled with hope
Amen.
