Song: Choices
Typed By: richiequick@hotmail.comAh yeah,ah, ahah yeahTime & time again
Through our relationship
I've wondered what's goin` wrong
To make us go through, such pains & heartache
But still I know
That my love is so strong for you(Chorus)
Should I love you?
Should I leave you?
So many choices
Oh, oh, baby
So many reasons why
For me to have you near me
So many choicesI don't understand
Why you wanna take me through these changes
No no
Ohhh
I can't decide
What to do when it comes to me & you
Because my love is true
Oh oh oh oh yeah(Bridge)
Where do we go from here?
(Where do we go?)
I can't help but wonder
(I can't help it baby)
Do we belong together?
The love I feel can't be alive(Chorus 2x)All alone
I don't wanna lose your love
On my own
Just can't be without you baby, no
Wanna be
Gotta have you in my life
Can't you see
We can make it if we try(Chorus until fade)
