

For a Purpose

Able

Music & lyrics by: Johan Gille
From the album: Lost Love Songs

I just stopped by to pass the time
And nothing more
I hadn't braced my heart
Now it's pieces, bits and parts
What can I say?
I felt betrayed and cheated on
I had promised not
To break, but I forgot

Each morning when I wake up
And I still don't know
The moment's quite mundane
But it's the best part of the day
'Cause before I get out of bed
I've realized:
You've left me, I'm alone
And that's how it will stay

But things are the way they are for a purpose
Things are the way they are for a purpose
Things are the way they are for a purpose
Things are the way they are for a purpose

Summer days and winter days -
We need them all
Hard luck rain to feed
Kissin' warmth to grow
So you go on, forget the swans
And have a life
'Cause whatever I may feel
Is what He had planned for me

(Chorus)
