

Alligator Blood

Bring Me The Horizon

Let's play a game of Russian roulette
I'll load the gun, you place the bets
Tell me who will make it out alive
Let's play a game of Russian roulette
I'll load the gun, you place the bets
Tell me who will make it out alive
Over and over and over again
We play the same old game
Cards kept close to our chest
That's where your secrets kept
So wear your poker face
Hands to the fool, hands to the thief
And you can't see
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead mans hand
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead mans hand
Cut me up and wear my skin
Show me how to live
Tear me down, clean me up
Just fill my fucking cup
Just help me find a way
Just help me find a way
Just help me find a way
Just help me find a way
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead mans hand
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead mans hand
Put a gun to my head and, paint the walls with my brains
Put a gun to my head and, paint the walls
Put a gun to my head and, paint the walls with my brains
Put a gun to my head and, paint the walls
Now you know
Now you know

Now you know
Now you know you can go
You can give up trying
Should've just called it quits
Should've just called it quits
Leave before it's too late
Now you know you can go
You can give up trying
Should've just called it quits
Should've just called it quits
Leave before it's too late
Let's play a game of Russian roulette
I'll load the gun, you place the bet
Tell me who will make it out alive
Let's play a game of Russian roulette
I'll load the gun, you place the bet
Tell me who will make it out alive
Yeah
So put a gun to my head
And paint the walls with my fucking brain
Put a gun to my head
And paint the walls with my brains
Put a gun to my head
And paint the fucking walls
