

Baby, I'm In Love

Seabird

I know she's got to see
I can see she's on to me
And I can't keep a lie
Not to save my life'Cause baby, I'm in love
 Baby, I'm in love
 And maybe I'm just crazy
But just maybe I'm in loveTwo beats from one body
 My heart sings along
 Waiting to be daddy
Nine months seems so long'Cause baby, I'm in love
 Baby, I'm in love
 And maybe I'm just crazy
But just maybe I'm in loveBaby, I'm in love
 Maybe I'm just crazy
But just maybe I'm in loveOh, what a day
 When love came to town
 Love, what can I say
I fell face downOh, what a day
 When love came to town
 Love, what can I say
 I fell face down
