

Stranger in a Strange Land

Thirty Seconds to Mars

Enemy of mine
Fuck you like the devil
Violent inside
Beautiful and evil
I'm a ghost
You're an angel
One that was saved
Just remains of an age
Lost in the daydream
What do you see
If you're looking for Jesus
Get on your knees
Enemy of mine
I'm just a stranger in a strange land
Running out of time
Better go go go
Angel or a demon
It came from my soul
I'm Guilty of treason
A Vatican's son
Tonight
Angels coming
Everybody run
Everybody run
You wanna live forever tonight
Gonna live forever
Tonight
Tonight
Tonight
Angels coming
Everybody run
Everybody run
You wanna live forever tonight
Gonna live forever
Tonight
Tonight
Tonight
Angels coming
Everybody run
Everybody run
You wanna live forever tonight
Gonna live forever
Tonight
Lost in the daydream
What do you see
Looking for Jesus

Get on your knees Angel or demon
It came from my soul
I'm guilty of treason
A Vatican's son
