

Barbados

Randy Owen

Let's go to Barbados where the rum come from
See sugarcane swaying in the sun and have fun
Ole friendship is calling me and Bridgetown is too
Barbados, a tot for me and you Let's go to Barbados, book a room for two
See Jericho, Marley Vale and Bel Air, we'll play there
Oh, friendship is calling me and Bridgetown is too
Barbados is Caribbean cool, so cool, Caribbean cool, so cool Yeah, let's go to Barbados where the rum come
from
Spend crop over days and nights out on the beach, our retreat
Hey, let's go to Barbados, book a room for two
Barbados, our tropic rendezvous Hey, Barbados, hey, Barbados, hey, Barbados
For our second honeymoon
