

Addicted To You

Anthony Callea

I call sleep. I can't think
I don't know what's wrong with me
I see you. within me
Or am I just imagining
A vision of how we could have been now
But I only see me somehow
I'm falling so far
What we're leaving behind is in the back of my mind
'cause I'm addicted to you[Chorus]
Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heartDon't you see me
Why can't it be like it used to be
A light shines in my night
Its the promise of everything that we could've been
Its come apart at the seams
I'm living inside my head, I don't care what's said
'cause you've opened my heart
Don't you tear me apart
'cause I'm addicted to you[Chorus]
Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heartCan't you remember baby all the love we shared
It's hurting me to think that you're no longer here
I couldn't keep you near me
I sat down and cleared my mind
And told myself it's just a matter of time
Yeah
'cause I'm addicted to you[Chorus]
Lets take it right from the start
Can't bare us to be apart no more

Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heart'cause I'm addicted to you
