Steal

Mouserocket

You take a part of me when you take it all the way.
You don't let me be, just steal me away.
You take a part of me when you take it all the way.
You don't let me be, just steal me away.

Steal me away
Steal me away
I wanna go without a sound
Steal me away
I wanna go, don't let me down!

You've taken a part of me, you've taken it all the way.
It's just like being free, now steal me away.

Steal me away
Steal me away
I wanna go without a sound
Steal me away
I wanna go, don't let me down!

Steal me away
Steal me away
I wanna go without a sound
Steal me away
I wanna go, don't let me down!
