

# Only Tomorrow

## My Bloody Valentine

Into the night we all come back to  
Into the heart it's getting hard  
Only tomorrow the love comes easy  
Watching that blue, it's beyond  
Watching the mug that I was you too  
Holding the crown, it is lonely heart  
Into the night we all come back to  
Into the heart it's getting hard  
Only tomorrow the love comes easy  
Watching that blue, it's beyond
