

# Heaven's Pearls

Ollabelle

Life's a strain, painful thing  
To be overcome  
We mark the nights by our triumphs  
Suffers everyone But hold them near  
Keep them dear  
Don't be ashamed Triumphs of the world  
On heaven's pearls  
On heaven's pearls Began the scars, tangled bars  
Catch under the skin  
Friction burns as they turn  
Working deeper in And day by day  
Sharp edges fade  
Smooth, furnished and fine Triumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearls  
On heaven's pearls Triumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearls The triumphs of the world  
On heaven's pearls
