## Miguel

"Quickie"

Mami you looking like I'm just another guy  
That came to check you  
That came to wreck you  
No disrespect but mami that's correct cause...  
What's in them jeans just got my mind hectic  
I can see that you're feeling my passion  
Is it cause I'm flashing (hmm)  
Or is it this cash that's just way too reckless  
Or is it this necklace  
Wait, let me interrupt myself with this message. See,  
[Chorus:] I don't wanna be loved  
I don't wanna be loved  
I just wanna quickie  
No bite marks, no scratches, and no hickeys  
If you can get with that, mami come get with me  
I don't wanna be loved  
I don't wanna be loved  
I just wanna quick fix  
Up in your mix miss  
Send me your wishlist

I have you addicted  
So mami come hit this  
Mami I realize that I'm manish  
Speak a language of love like Spanish  
"Quero Fugir"  
I'm so obscene and know what I mean?  
Yeah sorry that was Portuguese  
And I speak with ease  
Please (aha) get on them knees  
I gotta penny for your thoughts  
If you know what I mean  
[Chorus] Don't be offended babe  
By what I say  
It's just a game  
And how I play  
Pillage and plunder  
Call me your plumber

Knock on this wood  
Get rocked by this thunder [x2]  
[Chorus (until music fades)]
