

# It Don't Matter

## Modern Day Zero

It's all been sold  
It's all been told  
But do look close  
See things unfold[Pre-Chorus]  
It don't matter  
It don't matter  
I hate everything  
It don't matter  
It don't matterShape to the mold  
Do what you're told  
But do look close  
See things unfold[Pre-Chorus]I can't save this[Chorus]  
Facing life seems too far gone  
And my hands are shaking  
I'm pushing bullets through a gun  
It don't matter  
It don't matterWatching and waiting  
For consent to bleed  
Twelve nightmares away from my sanity  
This echoing silence ringing my head  
Turns me to violence when I choose peace instead[Chorus]It don't matter [x2][Chorus]
