

He Loves Me

Smokie Norful

Can't explain why the seasons change the way they do,
Can't explain why the oceans appear to be so blue
I can't tell you why birds can soar so high
Can't explain why the moon only shines at night
But I know, yes I know this one thing for sure,
Yes I know- oh I know nobody loves me more
And can't give you all the answers-
And my words don't seem to be enough,
I may not know a lot of things
But this I'm certain of You loved me (oohh)
You loved me (Uumm) Can't explain how the sun can be so bright,
Can't explain why the stars run away from the light
I can't tell you why wind continues to blow,
I can't explain why a seed can cause a forest to grow
But I know, yes I know this one thing for sure,
And I know- I know, nobody loves me more
Now I can't give you all the answers,
And my words don't seem to be enough,
May not know a lot of things
But this I'm certain of You loved me (oohh)
You loved me (Uuumm)
