

# Empty

## Kevin Abstract

[Verse 1]

Sweaty palms as I walk down this empty road  
I got a mom, but we ain't spoke in I don't know  
I had her heart, don't speak to me anymore  
And life gets hard but these last days been meanin' more  
I'm just tryna get my bands up  
Why you runnin' through the banners  
I don't understand this  
You should find your way  
I hate my yearbook photo  
I hate my passport  
I hate my last name  
I hate everything it stands for  
I should probably fucking transfer  
Blue and brown Jansport  
Tired of public transport  
I never went to prom  
Now I'm stuck on the dance floor  
Just holdin' your hand  
Just holdin' your hand[Chorus]  
And I'll be  
Right outside your front door  
On my 12 speed  
I got your emotions tattooed on my sleeve  
I think about you all the time  
I've waited for you all my life  
I need you right here by my side

[Verse 2]

Blowin' off my mom, I wanna go home  
I'd rather be alone, I don't wanna go home  
It's gettin' really late so I gotta go home  
Mom's blowin' up my phone so I gotta go home[Bridge]  
I love my mom  
I hate my boyfriend  
Do you love my mom?  
Do you hate my boyfriend?  
But I love my mom[Chorus]  
And I'll be  
Right outside your front door

On my 12 speed  
I got your emotions tattooed on my sleeve  
I think about you all the time  
I've waited for you all my life  
I need you right here by my side  
I'll be  
Right outside your front door  
On my 12 speed  
I got your emotions tattooed on my sleeve  
I think about you all the time  
I've waited for you all my life  
I need you right here by my side
