

# Nothin' Burns Like a Memory

[Heidi Newfield](#)

Five years since you went away  
Hurts like it was yesterday  
I play with fire and youre gonna pay  
Lord knows I am tired of payin I am sick of livin in the past  
You took my heart and I want it back  
You were my first but you didnt last  
You just caused me frustration Tonight I am gonna set myself free  
Ive got a brand new recipe And its a, a can or two of gasoline  
One match and a mighty a big flame  
All the heartache and sufferin  
Is gonna melt inside of me A picture book and a pile of your clothes  
You and me goin up in smoke  
A sure fire way of lettin go  
Yeah, nothin burns like a memory Ive got a bottle of 80 proof  
Ill tell you what were gonna do  
Well, its a two for me and one for you  
Honey, heres to liberation No more pain and misery  
I finally found my remedy And its a, a can or two of gasoline  
One match and a mighty a big flame  
All the heartache and sufferin  
Is gonna melt inside of me A picture book and a pile of your clothes  
You and me goin up in smoke  
A sure fire way of lettin go  
Yeah, nothin burns like a memory Burn, baby, burn  
Burn, baby, burn  
Burn, baby, burn  
Burn, baby, burn You take a, a can or two of gasoline  
One match and a mighty a big flame  
All the heartache and sufferin  
Is gonna melt inside of me A picture book and a pile of your clothes  
You and me goin up in smoke  
A sure fire way of lettin go  
Yeah, nothin, ooh, nothin, oh, nothin  
Oh, burns like a memory
