

Every Time I Look at You

Blake Shelton

Written by Blake Shelton & Doug Johnson

It brings back an old feeling

Running into you like this

I'm really not afraid of hurting

But I can't stand the awkwardness

Do I laugh

Do I cry

Do I dare look in your eyes Oh no, here it goes

My hands start to shake

My heart's gonna' show

Like the day we met

To the night you said we're through

Every time I look at you You seem to be a bit distracted

I wish that I could feel the same

You never were too good at acting

Baby some things never change

I can't keep from letting go

It's something that I can't control Oh no, here it goes

My hands start to shake

My heart's gonna' show

Like the day we met

To the night you said we're through

Every time I look at you You stand there looking sweet and innocent

But how can you be so cruel and confident

At my expense Oh no, here it goes

My hands start to shake

My heart's gonna' show

Like the day we met

To the night you said we're through

Every time I look at... Oh no, here it goes

My hands start to shake

My heart's gonna' blow

Like the day we met

To the night you said we're through

Every time I look at you Oh yeah, every time I look at you
