Gone To The Dogs

Kt Tunstall

Since you've been gone
Gone to the dogs
And they're on the pathway

Singing along
I can see it in your face
Everywhere you go
I'm there with you
Still part of you
And never let you go
Let it alone, if you do run
Make sure you are
Standing on your feet
'Cause life could be sweet
But now you're gone
Gone to the dogs
I don't know you like I did
So why don't you say, say it out loud
All these things you hold inside of yourself

Holdin' on tight, as if you're frightened of the ride
Everywhere you go
It goes with you
Takes part of you
And never lets you go
Let it known, if it were on
I know you could be
So much more than this
And life could be bliss
And then I hold you up
No, I never let you down
You know I do my best
If I ever held you up
And you never let me down
You let yourself down
Let me down
But now you're gone
Gone to the dogs
I don't know you like I did
