

# High

David Correy

Yeah, yeah  
It started off as wanting you  
Then it turned into me needing you  
Every second I fiend for you  
Scratching, shaking, baby girl, know I got that itch for you  
It's 4 A.M. and I want it, I'm calling while she texting  
Emoji sign with two hands, she praying for that pussy  
All I wanna do, do, to you  
Is show you that my sex is a weapon aimed at you  
(Letting go)  
She started low to get me high  
Baby, take me to the sky  
She started low to get me high  
Baby, take me to the sky  
I'm so hi-igh  
I'm so hi-igh  
I'm so hi-igh  
Loving every inch of you  
Baby can we go for round two?  
Your body and my body, all I need right now  
It's four o'clock in the morning  
Laying in your hair, on top and you won't stop  
And I can't help but stay around you  
You're all I wanna do  
She started low to get me high  
Baby, take me to the sky  
She started low to get me high  
Baby, take me to the sky  
I'm so hi-igh  
I'm so hi-igh  
I'm so hi-igh  
Baby I'm so high  
Oh, oh  
Yeah, yeah, yeah, yeah  
She started low to get me high  
Baby, take me to the sky  
She started low to get me high  
Baby, take me to the sky  
I'm so hi-igh

I'm so hi-igh

I'm so hi-igh
