

# Save The World

## Girlicious

So why don't you save the world tomorrow  
And be my lover tonight  
And I beg you to save me from my sorrow  
You're the only man who loves me rightThe favorite part of my day is when you're here  
I know when you're near,  
I'm losing control  
Whisper something outrageous in my ear  
I'll hear you loud and clear  
I want you more than you knowSo why don't you save the world tomorrow  
And be my lover tonight  
And I beg you to save me from my sorrow  
You're the only man who loves me rightYou can feel the heat from my body,  
Through my clothes  
My passions explode  
I can't let go  
You can be the director, run this show  
As long as you grab a hold  
Of my body and soulSo why don't you save the world tomorrow  
And be my lover tonight  
And I beg you to save me from my sorrow  
You're the only man who loves me rightBaby come and save me now  
(Baby come and save me now)  
I need you to come and save me now  
(I need you to come and save me now)  
And I'll almost do anything  
If you would rescue me again  
I'm hot like fire  
You're my desire  
Baby I need you here with meSo why don't you save the world tomorrow  
And be my lover tonight  
And I beg you to save me from my sorrow  
You're the only man who loves me rightPut your hands down, and close the door  
You gotta save me then save the world  
Waited all day, can't wait no more  
Gotta save me then save the world
