Chasing White Rabbits

Nonpoint

Peer into the window of an ordinary year
And see it all feel it all
It's the world premiere
Take it off the shelf
And taste it for yourself
It's sweet and all stem and all
But bitter to the earRoll it up in stone and throw it through the window
Pay a toll, pay a fine, it's only innuendoFrom criminal status to breaking bad news habits
I'm living life, no future plans just white rabbits
Free falling down a bottomless hole, like I'm following Alice
I got no future plans, just chasing white rabbits
Just chasing white rabbits
Why do we hassle with their castles
Their robes and golden tassels
When a hero isn't measured by
The treasures that they hold
The heart is where we start
And courage is the end
A champion could be anyone
Enemy or friendRoll it up in stone and throw it through the window
Pay a toll, pay a fine, it's only innuendoThis is too ordinary for
A traveler with keys to every door
Even a mushroom couldn't warp the mind
So purposeful and utterly divine
It must have been the tea that gave you the audacity
To offer me some caterpillar's help
No smiling cat's or tiny men in angry hat's will
Leave me with a queen that won't attack
Battling from criminal status to breaking bad news habits
I'm living life, no future plans just white rabbits
Free falling down a bottomless hole, like I'm following Alice
Got no future plans, just chasing white rabbits
Just chasing white rabbits
