

All the Beautiful Worlds

Stevie Nicks

What would I do
For just some time with you
(Don't give that to her, baby give that to me)
What will you do
When the thrill is gone, baby
(Don't give that to her, baby give that to me)
Oh where have you gone
Have you gone so far from me
Leaving your touch
On the edge of my heart
What will I do
In the thrill of the night, baby
Don't give that to her
You remember my words All the beautiful worlds
That I have seen so far
Have all fallen down
Ooh it used to be yours
Calm, beautiful, child-like victim
Calm, beautiful, child-like victim I see through your smile
And I see through the heart of you
I know where it goes
And I know what it means
Well I know where you go
To the edge of the night, baby
Don't give that to her
Baby give that to me All the beautiful worlds
That I have seen so far
Have all fallen down oh It used to be yours
Calm, beautiful, child-like victim
Calm, beautiful, child-like victim You say you're leaving baby
You don't want to tell me why
And after all this time you think you
You don't even say goodbye ooh Oh you say you're leaving, baby
And you don't want to tell me why
After all this time you think you
Don't even say goodbye I see through that smile
And I see through the heart of you
(I know where it goes, and I know what it means)
I know where you go

To the edge of the night, baby
(Don't give that to her, baby give that to me) All the beautiful worlds
That I have seen so far
Have all fallen down
Oh it used to be yours
Calm, beautiful, child-like victim
Calm, beautiful, child-like victim
Calm, beautiful, child-like victim Well I see through that smile
And I see through the heart of you
(I know where it goes, and I know what it means)
Well I know where you go
To the edge of the night, baby
(Don't give that to her, baby give that to me) (Don't give that to her, baby give that to me)
(Don't give that to her, baby give that to me)
Well I know where you go
(Don't give that to her, baby give that to me)
And I know what you do
(Don't give that to her, baby give that to me)
And I know what you do
(Don't give that to her, baby give that to me)
'Cause I know where you go
(What would I do) Oh
