

# Dip Down (Troy Taylor remix)

Leona Lewis

Time to hit the party all my girls come round  
Tonight I'm feeling naughty and I can't hold it down  
Cruising to the club and the joint is blowing up  
I just want to dance and show you what I got I see you look at me  
Boy I like the way  
Do you feel my energy?  
Do you like what you see?  
Cause tonight I'm going to make you say what You love the way I dip down  
Come on when I my hip for side to side  
It turns you on  
You love the way I dip down  
Come on  
I can feel you watching me the way your body moves I can feel you staring hypnotized by me  
From my eyes to what I'm wearing  
Loving every part of me  
Boy you know you look so fine  
If you got some time  
Come and spend it with me I see you look at me  
Do you feel my energy?  
Do you like what you see?  
So come and spend some time with me You love the way I dip down  
Come on when I move my hips for side to side  
It turns you on  
You love the way I dip down  
Come on  
I can feel you watching me the way your body moves Now is the time  
For you to make a move on me  
Don't hesitate my baby baby  
Now this is the time  
I can make you
