

# The Finger

Danko Jones

Nobody Really cares what you have to say  
You get cut off in traffic cause everyday's a bad day  
What do you do you don't wanna cause a scene  
But If you do nothing they'll step all over you, you're too naive  
This is what you do  
Look 'em in the eye  
open your mouth And Say...You get you get you get you get you get the finger! (X 2)You catch your boyfriend  
with your best friend on the floor  
Or some girl you go out with don't want you anymore  
Two Wrongs don't make but you know what I'd do  
Listen to me watch this and do it too  
This is what you do  
Look 'em in the eye  
Open up your mouth And Say...You get ou get you get you get you get The Finger! (X 4)Give it to 'em for  
counting you out  
Give it to 'em for leaving you back  
And when you raise it tell them  
"Now I give you the finger!"You get, The Finger! (X 2)  
You Get you get you get you get you get The Finger! (X 2)
