Keep Control (The Scumfrog's Remix)

The Scumfrog

Think itÂ´s time to put an end to it
Try to clean my head again
Start to reseseatate my engine
Try to walk back where I ran

Keep control
Of me
Try to keep the frequenty
Try to keep the frequenty

I break up all the things behind me
GoinÂ´ on the other way
Try to find myself again slowely
To move on the other day

All the nights I get my eyes open
All the days I try to sleep
Wish away the troubles around me
Did not see I fell too deep

Keep control
Of me
Try to keep the frequenty
Try to keep the frequenty

Something new has moved into my life
An essential missing part
Takes control of my as addiction
And ? makes my heart

Keep control
Of me
Try to keep the frequenty
Keep control
Keep control
