

# Feelin' Love (Album Version)

[Paula Cole](#)

You make me feel like a sticky pistil  
Leaning into her stamen.  
You make me feel like Mr. Sunshine himself.  
You make me feel like splendor in the grass where we're rolling  
Damn skippy baby  
you make me feel like the Amazon's running between my thighs. You make me feel love You make me feel like  
a candy apple all red and horny  
You make me feel like I want to be dumb blonde  
In a centerfold, the girl next door.  
And I would open the door and I'd be all wet  
With my tits soaking through this tiny little t-shirt  
That I'm wearing and you would open the door  
And tie me up to the bed. You make me feel love
