

# Cried Too Long

Irma Thomas

There's nothing to do but walk away  
There's nothing but true, true words to say  
But the truth isn't kind  
It brings tears to sometimes  
I may be sad but I'm strong  
I know I've cried too long

I've made up my mind  
It's time to leave these tears behind  
And start to believe  
The bad times are gone  
And I'll carry on  
Though I can't right every wrong  
I know I've cried too long

There's no place to go but up from the ground  
And it's gonna be harder to put me back down  
But I've found a way  
To turn dark into day  
Yes I knew it all along  
Seems that I've cried too long  
(Repeat x2)
