Great Escape

Rob Smith

Gotta slow down
You're an overachiever
From off the ground
Bible believer
This little town
Can't hold you from your path
Your a little scared
Don't be afraid
I'm right over here
Don't be ashamed
Your a little lost
'Cause we all get that way
No more
Waiting on tomorrow
'Cause it's here
Chorus
Hey, Hey, Hey
Ready, Set, Get away
This is the best day
It's the Great Escape
Yeah
Gotta pick it up
You're an underachiever

Stuck in a rut
Never believe
Gotta interrupt
Same ole, same ole game
You're a precious thing
I love your face
It's a diamond ring
Covered in grace
With a little sting
We all get that way
No more
Waiting on tomorrow
'Cause it's here
Repeat Chorus
Bridge

It's time to finish up
What we started
It's time to figure out
What went wrong
It's hard to listen to a
Heart that's hardened, Yeah
Repeat Chorus
