

Little By Little (feat. Richie Havens)

Groove Armada

Give it up, give it up, live it up, give it up
Give it away, give it away
Live it up, give it up, give it away
Today, today, today, today, today, today, today, today
Yeah, yeah, yeah Perhaps we're on our way, perhaps we've gone too far
Perhaps we should slow down, and be where we really are
Really are, yeah Today, today, yeah
If you believe that there is no other way
Try living today, today
Little by little, in your own way, oh-oh Oh-oh, ooh, yeah
Today
Little by little
Try living today, yeah
Little by little We're in today, today
If you believe that there is no other way, yeah
Try living today, today
Little by little, you're on your own way Perhaps we're on our way, perhaps we've gone too far
Perhaps we should slow down
And be where we really are, where we really are
Oh, where we really are Today, today
Try living today, today
Today
Little by little
Try living today, today
Little by little
Be where we really are
Little by little
Today, today
Be where we really are, yeah
