

They Ain't Je

Jagged Edge

J fizzle
Fizzle
Jagged boys
Yeah
Know what I mean?
Don't get mad, your girl closed me, uhh
J E some P I M P, uhh
They cool but they ain't J E, uhh
They cool but they ain't J E, they ain't J E
I got a problem with this girl and I need some help
She said she need a man like me to keep herself
But I know she got a man though she say, "She don't"
Come on girl, keep it real, we all grown folks
She said the truth for real is this
That I didn't quit him but he ain't quit me, no
Hope he ain't looking for no beef
So tell him you want me, hey he gotta leave, yeah yeah yeah
Don't get mad, your girl closed me, uhh
J E some P I M P, uhh
They cool but they ain't J E, uhh
They cool but they ain't J E, they ain't J E
And I got love for my folks
And from Decatur to Dacanicville, Calli Park, it's just so real
I just had to let you know that if you deal with me
Got nothing to do with R and B
All them songs that I wrote
Ain't got no time to play round with clowns
I've been known to put it down
Don't play with me, your girl chose me
Don't get mad, your girl closed me, uhh
J E some P I M P, uhh
They cool but they ain't J E, uhh
They cool but they ain't J E, they ain't J E
So fix your face
Stay in your place
I got folks in here
They ain't replacing
Don't be mistaken
We down like a basement

We've been here for years
This just a taste test
And you can be mad at me
'Cuz I'm so, so fine
And your girl chose me
It even happened once to me
Sometimes you gotta move on
Don't get mad, your girl closed me, uhh
J E some P I M P, uhh
They cool but they ain't J E, uhh
They cool but they ain't J E, they ain't J E
Yeah yeah yeah
Come on, come on, come on, what's up with it, girl
Yeah yeah yeah
Come on, come on, come on, what's up with it, girl
Yeah yeah yeah
Come on, come on, come on, what's up with it, girl
