## Katatonia

Come by, you have come far  
All I had I lost in the flood  
Come sit with me at the bar  
Tell me of progress, strengthen my blood  
No one here knows my name, no  
I have traded my memories for things  
But I remember you clearly  
Do you remember that I used to sing?  
Why have you waited so long?  
Why have you waited so long?  
Come by, you have come far  
Long since I saw you, so how have you been?  
Come sit with me at the bar  
How long since they told you that they had found him  
No one here knows my name, no  
I gave up my worries for one good thing  
But I remember you clearly  
Do you remember that I used to sing?  
Why have you waited so long?  
Why have you waited so long?  
Why have you waited so long?  
Was it because I never told you  
I was going away that you waited so long?  
Was it because your fucking dreams  
Meant nothing to me that you waited so long?  
It runs from the top of my fingers  
Into my hands  
What is it I have been drinking  
I do not understand  
I thought I'd lost you, my brother  
I'm so glad you came  
My regards to the ones that I love, I miss them  
Tell them I love them, I miss them
