

Take This Ring

Toni Braxton

Yeah
Yeah
Yeah
Oh, my God
Lipstick, perfume, the moment all there, yeah
My girl's waitin' outside
High heels, tight dress, moves that say hi
Don't even say goodbye
I remember once upon a time
When, when I would never ever
Do anything to hurt you, oh yeah
Tonight I'm gonna
I'mma take this ring off
Take this ring off my, my finger
Take this ring off
Take this ring off my, my left hand
Get my thing off
Get my thing all the way off, yeah
That's what I'mma do
That's what I'mma do
That's what I'mma do
That's what I'mma do
Don't tell nobody, no
Don't tell nobody, oh no
Don't tell nobody, yeah
Late night, I'm feelin' nice
Tryin' to make sure we, we can be alone
So I stepped out to party, headed up to his place
Feels so right just can't be wrong
I remember once upon a time
When, when I would never ever
Do anything to hurt you, oh yeah
Tonight I'm gonna
Tonight I'm gonna, yeah
I'mma take this ring off
Take this ring off my, my finger
Take this ring off
Take this ring off my, my left hand
Get my thing off

Get my thing all the way off yeah
That's what I'mma do
That's what I'mma do
That's what I'mma do
Don't tell nobody, oh
Don't tell nobody, yeah
Don't tell nobody, yeah
Don't tell nobody
Don't tell nobody
I remember once upon a time
When, when I, I would never ever
Do anything to hurt you
Do anything to hurt you
Do anything to hurt you
And I'm so sorry baby
Tonight I'm gonna
I'mma take this ring off
Take this ring off my, my finger
Take this ring off
Take this ring off my, my left hand
Get my thing off
Get my thing all the way off, yeah
That's what I'mma do
That's what I'mma do
That's what I'mma do
