Heavenly

Johnny Mathis

What a feeling
It's Heavenly, Heavenly
That's how it feels when you're with me
Angels above could only be just half as happy as meIt's Heavenly, Heavenly
Each time our lips touch breathlessly
Oh, what a thrill to know our hearts agreeAnd with each kiss, I can tell
Love like this will weave a spell
Oh, we're in love for all its worth
So much in love right here on earthIt's Heavenly, Heavenly
Our love was always meant to be
Faithful forever free, so HeavenlyAnd with each kiss, I can tell
Love like this will weave a spell
Oh, we're in love for all its worth
So much in love right here on earthIt's Heavenly, Heavenly
Our love was always meant to be
Faithful forever free, so Heavenly
What a feeling
