

# Cause for Alarm

## Death Angel

Cause for alarm, disaster looms  
Choose not to see it, but, you know I'm right  
Accuse, assault, then they're rewarded  
Hunt you down in the broad daylight  
As they engage, and we're betrayed  
Of our laws now dead for years  
Then they'll divide us all, and we'll surely fall  
So blame yourself for all those feeble tears  
Cause for alarm, impending doom  
Sinking deeper into abysmal strife  
They won't kill you now, no one will be aborted  
Worthless dead, they want you all alive  
You're labeled crooks, they're banning books  
Censored news, and poisoned pens  
They keep you numb with drugs  
Form exclusive clubs  
The vicious cycle seems to never end  
Shatter the silence  
By invoking violence  
Stand up to the storm  
When you're in doubt  
Go all out  
Your pride must be reborn  
Human traps close  
Mankind's emotions explode  
From rights gone, and lost  
We'll keep fighting on  
Self worth at any cost  
Cause for alarm, nothing to lose  
Don't go down without a proper fight  
What they fear the most, united forces  
Risking all to gain back what is right  
Cause for alarm, the tides are shifting  
They will hear the people have a voice  
We'll fight for honor  
We will fight for freedom  
And we'll fight to have a fucking choice  
Shatter the silence  
By invoking violence  
Stand up to the storm  
When you're in doubt  
Go all out  
Your pride must be reborn  
Human traps close  
Mankind's emotions explode  
From rights gone, and lost

We'll keep fighting on  
Self worth at any cost Human traps close (human traps close)  
Mankind's emotions explode  
From rights gone, and lost  
We'll keep fighting on  
Self worth at any cost
