

# Billy In 4-c Never Saw It Coming

## Motionless In White

Oh my god I could barely sit down to write this line,  
And I'd give anything to hear your fucking voice again,  
So apathetic and I know you must be dead inside,  
You don't know what love is.  
And I will paint the darkness on,  
Everything that reminds me of you,  
And I haven't slept in days,  
For I may not wake up.

And you say that passion kills?  
I forgot what this hollow pit in my stomach felt like.  
Now I am become death, destroyer of worlds.  
You Are All That I Have Left  
And I am lost without you.  
This is the last heart you ever take and this is the last life that you ever destroy.  
Your bloods not worth spilling.
