

Love Controversy, Pt. 1

Loose Ends

When the living's high
Living's kinda neat
Like the flowers in the sun
You feel like nothing could go wrong
'Cos the love we share is so very strong

If love is gonna be our controversy
Baby don't you know
We should try to work it out
Let's do things right
Can't you see your playing with our hearts

One love is good for you only lover
Don't you tell me no, I'm the only one who
Take's you through to the high of a love
That's so strong
Of a love that's so strong

Let's give it all we've got
Let's hang on to the dreams
Makes for in love out so many nights
I know your pride is touch
In a way that hurts you so much
Baby don't you know

We sure try to work it out
Let's do things right
What we've got's a life time love affair

One love is good for you only lover
Don't you tell me no, Iâ€™m the only one who
Take's you through to the high of a love
That's so strong
Of a love that's so strong

One love is good for you only lover
Don't you tell me no, Iâ€™m the only one who
Take's you through to the high of a love
That's so strong

Of a love that's so strong

One love is good for you only lover
Don't you tell me no, Iâ€™m the only one who
Take's you through to the high of a love
That's so strong
Of a love that's so strong
