

# Light Up The Sky (Acoustic Mix)

[Darren Styles](#)

They don't understand it  
Can't wake us from love, out here.  
But they long to behold in paradise  
Taken in your arms, away from it all. But i don't understand it  
Can't wake up from love, out here.  
But i know, we can build this thing together  
Take me now or never, together we belong. And we'll move this world tonight,  
Dance away our luck, we'll light up the sky with our love  
And we'll build this thing together,  
Dance until forever, light up the sky with our love. They know we can make it  
Leave shadows at home, right here.  
But they long, to behold in paradise  
Take me in your arms (won't you take me in your arms) And we'll move this world tonight,  
Dance away our luck, we'll light up the sky with our love  
And we'll build this thing together,  
Dance until forever, light up the sky with our love. And we'll move this world tonight,  
Dance away our luck, we'll light up the sky with our love  
And we'll build this thing together,  
Dance until forever, light up the sky with our love. You'll see me runnin'  
You'll see me runnin'  
You'll see me runnin'  
You'll see me runnin' home. (x6)
