# Sleep Baby Sleep

## BROODS

Sleep baby sleep
What are you waiting for?
The morning's on its way
You know it's only just a dream
Oh sleep baby sleep
I lie next to you
The beauty of this mess is that it brings me close to youI could be the one to give you all that I am
With a gentle touch and a foolish love
You could be the one to carry all my troubles away
With the words you say, all I need to hear soSleep baby sleep
What are you waiting for?
The morning's on its way
You know it's only just a dream
Oh sleep baby sleep
I lie next to you
The beauty of this mess is that it brings me close to youIgnorance is torture but your love is right
Tip to tip a gentleman of the night
Feed my fascination a way our skin likes silk
And I'm still filled with wonder you could fool me easily soSleep baby sleep
What are you waiting for?
The morning's on its way
You know it's only just a dream
Oh sleep baby sleep
I lie next to you
The beauty of this mess is that it brings me close to youSo lay here and press up next to me
'Cause we'll be alright, we'll be alright
But when we leave I know it's hard
'Cause it's all we know but we'll be alright, we'll be alright, right
Sleep baby sleep
What are you waiting for?
The morning's on its way
You know it's only just a dream
Oh sleep baby sleep
I lie next to you
The beauty of this mess is that it brings me close to you
