

Hello

Courtney Love

Shut up
I'm about to take all your innocence for free
In the end, you're gonna wanna pay me any on everything
Shut up
I'm about to tell you how I won the war
I'll tell you what or how or when and in the end
You'll never ever, ever ask what for (Hello, hello, hello, hello, hello, hello)
Are you talking to me?
(Hello, hello, hello, hello, hello, hello)
Breath baby, breath Shut up
I'm about to tell you about the difference you will never make
How to win the war with no regrets, no hurt, no pain, no shame
Shut up
I'm about to tell you some secrets you will never know
Now don't ask what, don't moan, don't cry, don't even ask
Where this is going to go, no, no (Hello, hello, hello, hello, hello, hello)
Are you talking to me?
(Hello, hello, hello, hello, hello, hello)
Breath baby breath
(Hello, hello, hello, hello, hello, hello)
Are you talking to me?
(Hello, hello, hello, hello, hello, hello) What's the matter? My baby's dead
His heart went blind on me
My dress caught fire from one match that you gave me
And all that's left is your vail and the breath I got
Yeah, I won't share in your misery 'cos your phone calls gone
And no one's coming, no one's coming
No one's coming, no one's coming for you (Hello, hello, hello, hello, hello, hello)
My dress is on fire
(Hello, hello, hello, hello, hello, hello)
Let's burn it down
(Hello, hello, hello, hello, hello, hello)
I got no desires, no one, no one
(Hello, hello, hello, hello, hello, hello) (Hello, hello)
But you leave the same day, same year
(Hello, hello)
Ring around the rosie, yeah
(Hello, hello)
Addicted to all that shit

(Hello, hello)
Pocket full of real estate taxes
(Hello, hello)
And don't you hate when it all burns down
(Hello, hello)
And dies and dies and dies and dies
(Hello, hello)
Baby fire, baby fire, baby fire, baby fire
