

Sleeping Sun

Coldplay

Climb up your mountain, nineteen and countin'
You have got seven, I have got one
Blinded and hurtin', this I'm deserving
I've got my secrets, you've only got the sleeping sun
When you've got a secret then you've got to keep it
When you have a question, answers will come
Running and hiding, take and dividing
You've got your secrets, I've only got a sleeping sun
Sleeping sun
Singing

Ooh, ooh, ohh, ohh
Ahh, ohh, ahh, ohh
And you, as I saw, a piece in a jigsaw
Run up and around it and jump up real tall
Run round the houses north and the south is
You've got your answers, we've only got a sleeping sun
Sleeping sun
Singing
Ohh, ohh, ohh, ohh
Ahh, ohh, ahh, ohh
