

Every Lil' Thing

Ashanti

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing, every lil' thing
Every lil' thing
Baby, from what you told me
You could give every lil' thing
And baby, from what you showed me
Instead of going out you could bring the world to me
See, I done had it all, did it all
And now I'm lookin' for more, I'm lookin' for more
So, can you provide what's inside
Can you heart match mine and give me?

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)

I want every thing you got for me
(Everything you got for me)
Every lil' thing, every lil' thing

Every lil' thing
I'm just a girl that looks for
Nothin' less but the best and more
And I don't think that I am wrong
'Cause I just wanna find somebody I can give my all
And all them other things that money brings
It's nice to see, but it ain't enough for me
'Cause I would want all of you
I need you to love me too and give me
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing, every lil' thing
Every lil' thing
I ain't talkin' 'bout your money, baby
(I ain't talkin' 'bout your money, babe)
I ain't talkin' 'bout your cars and thangs
(I ain't talkin' 'bout your cars and thangs)
I'm talkin' 'bout the lovely thangs
(I'm talkin' 'bout the lovely thangs, yeah)
That happen when you make me say your name
I ain't talkin' 'bout your money, baby
(I ain't talkin' 'bout your money, babe)
I ain't talkin' 'bout your cars and thangs
(I ain't talkin' 'bout your cars and thangs)
I'm talkin' 'bout the lovely thangs
(I'm talkin' 'bout the lovely thangs, yeah)
That happen when you make me say yo' name
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)

Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing, every lil' thing
Every lil' thing
Can you give it to me? Can you give it to me?
Can you give it to me? Can you give it to me?
Can you give it to me? Can you give it to me?
Can you give it to me? Can you give it to me?
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing you got for me
(Every lil' thing)
I want every thing you got for me
(Everything you got for me)
Every lil' thing, every lil' thing
Every lil' thing
