Sleeping Pills

[Suede](#)

Angel, don't take those sleeping pills, you don't need them
Though it's just time they kill
Angel, give me your sleeping pills, you don't need them
Give me the time they killYou're a water sign, I'm an air sign
Gone, gone to Valium, could you get me some?
You're a water sign, but I'm an air sign
Too siamese to catch the leaves from those treesAngel, don't take those sleeping pills, you don't need them
Though it's just time they killYou're a water sign, I'm an air sign
Pumped up with Valium, could you get me some?
You're a water sign, I'm an air sign
With sweet F.A. to do today, with sweet F.A. to do todaySweet F.A., sweet F.A.
Sweet F.A.Angel, don't take those sleeping pills
