

# The Other Side

## Farmer Boys

Listen, I got the shivers and the chills  
Got an awful pile of bills to pay  
That's the prize for all the thrills  
Breakdown, I got the medals and the scars  
Had the brains to get this far Somehow I'll get by  
Cause somewhere over there  
Somewhere on the otherside  
All this pain we bear  
Is all over  
It's over Thank you, for all the worst and all the best  
All the time it takes to figure out  
That is all some kind of test  
And all I know is that Somehow I'll get by  
Cause somewhere over there  
Somewhere on the otherside  
All this pain we bear  
Is all over  
It's over
