

# Listen to Your Heart

## The Maine

We're too young  
This is never gonna work  
That's what they say  
You're gonna get hurt  
But I know something they don't  
I hear your heart  
Beating right in time  
Right from the start  
I knew I had to make you mine  
And now I'll never let you go  
Don't they know that love won't lie?  
Don't listen to the world  
They say we're never gonna make it  
Don't listen to your friends  
They would've never let us start  
And don't listen to those voices in your head  
Listen to your heart  
This promise  
Doesn't have to be so loud  
Just whisper  
I could find you in a crowd  
I think it's time we ran away  
Your father  
Says I'm not good enough for you  
Your mother  
She thinks that this is just a phase  
I think that we should run away  
Don't listen to the world  
They say we're never gonna make it  
Don't listen to your friends  
They would've never let us start  
And don't listen to those voices in your head  
Listen to your heart  
You gotta listen to your heart  
Go on and listen to your heart  
Come on and listen to your heart  
It will tell the truth, it will set you free  
It will say that you were meant for me  
And this is where we're supposed to be  
Yeah  
Don't listen to the world  
They say we're never gonna make it  
But I know we'll make it  
Don't listen to your friends  
They would've never let us start  
And don't listen to the voices in your head  
Love will never ever let us fall apart  
You gotta listen to your heart  
Go on and listen to your heart  
You gotta listen to your heart

Come on and listen to your heart  
Listen to your heart
