

# Ode to Chet

**Doc Powell**

When I bought this guitar it had brand new strings  
brand new strap all those things  
brand new pick both thumb and flat  
all the elementary things like that I went ahead and took it everywhere I went  
couldn't count the hours that I must've spent  
I heard the girl was lookin' for a guitar man  
I'll abridge her anyway I can 'Cause I can win her over  
like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet It'll take more than Mel Bay 1, 2, & 3  
If I'm ever gonna play like CGP(?)  
My legato is staccato but what I don't fret  
is droppin' any note that I don't get 'Cause I can win her over  
like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet 'Cause I can win her over  
like Romeo did Juliet  
If I can only show her  
I can learn to pick that Figato(?) lick like Chet
