

# Sum Of Us

## The Living End

God, help those who don't help the others  
God, help those who don't help the othersSome of us have more rights than the others  
Some of us have to fight more than the others tooWe all have our time to live  
But we don't have time for each other  
We all have our time to live  
But we don't have time for each otherGod, help those who don't help the others  
Oh God, help those who don't help the othersWell, there ain't no reward  
For being a no one, for being ignored  
Some of us don't deserve a second chance  
Some of us don't deserve to make demandsWe all have our time to live  
But we don't have time for each other  
We decide how much we give  
And what goes around, goes around againGod, help those who don't help the others  
Oh God, help those who don't help the others  
Yeah God, help those who don't help the others  
Oh God, help those who don't help the others  
Hey yeahGod, help those who don't help the others  
Oh God, help those who don't help the others  
Yeah God, help those who don't help the others  
Oh God, help those who don't help the othersHey oh, hey oh  
Hey oh, hey oh  
Hey oh, hey oh  
Hey oh, hey oh  
Hey oh, hey oh
