

# Zae Da Blacksmith - Self Control

## B3AR FRUIT

[Intro: Zae Da Blacksmith]

Last but not least of the fruits of the spirit is self-control  
Without which none of these fruits on this tree ever grow  
The law of harvest says that you reap what you sow  
So fertilize the roots so the fruit is sweet when it shows  
Yep the last of the fruits of the spirit is self-control  
Which we have to produce for these other fruits to grow  
The law of harvest says that you reap what you sow  
So fertilize the roots so the fruit is sweet when it shows

[Hook: Zae Da Blacksmith]

Day by day, minute the minute teach me Your ways  
God, I pray by Your Spirit I will obey  
Every day that You have given to me is grace  
Lord, and all of my deeds and the words I say (X2)

[Verse 1: Zae Da Blacksmith]

And yo hope y'all ready to roll cuz we gon' dive into self-control and  
So lemme define it  
If you peep the greek you'll see that it means strength  
Or otherwise the finest one holding himself in  
This is the virtue of one who masters  
All of his desires and all his passions  
It's what's in effect when we deflect temptation that attracts us  
It's God's given grace to resist when Satan attacks us  
It's the last of the list in the fifth chapter  
Of the fruits that are given so that we can live em in practice  
But only God's Spirit makes it active  
It's a massive feat like taking a whole city captive  
It takes a mightier man to control his actions  
And watch what comes from his mouth cuz he can't put it back in  
It's what God is crafting in those that he's drafting  
So Let's let Him shape and mold us  
Until we behold our master

[Hook: Zae Da Blacksmith]

Day by day, minute the minute teach me Your ways  
God, I pray by Your Spirit I will obey  
Every day that You have given to me is grace  
Lord, and all of my deeds and the words I say (X2)

[Verse 2: Zae Da Blacksmith]

Walk with me on a stroll to the throne and grace of His highness  
And recognise a need  
For what only He can provide us  
Let`s take our care to the Father  
In Jesus name  
Lord we acknowledge You`re worthy to be praised  
And we confess that we`ve sinned against You today  
I know I lack self-control and I need grace  
I pray the same for my brothers and sisters listening  
Help us to obtain a good measure of self-discipline  
Cuz as for me I know that I can be impulsive  
And how I interact with folks can even be imposing  
At times I need You  
Just for me to be quiet  
And tame this wild tongue cuz from it I breathe fires  
Plus I got a war inside with lust and pride  
And at times I need You to help me to just turn my eyes  
So it's in the name of Christ we're taking our cares to You  
And trust by the Spirit of God we`ll bear fruit

[Hook: Zae Da Blacksmith]

Day by day, minute by minute teach me Your ways  
God, I pray by Your Spirit I will obey  
Every day that You have given to me is grace  
Lord, and all of my deeds and the words I say (X2)

[Verse 3: Zae Da Blacksmith]

Yo, so how do we roll in self-control?  
Well let us ponder some thoughts that I get direct from the scrolls  
Now, though it's all "says the Spirit of God"  
We`re still called to respond and contribute our part  
Like when God delivered Israel out of the claws of Pharaoh  
And promised them a land they'd have to take by sword and arrow  
To assure them that He`d give em strength in this He caused a miracle  
And gave em a victory by marching round the walls of Jericho  
This is an illustration of the collaboration  
Between God and man and sanctification

He promised them a land of dwelling  
He promises to dwell in us so when weâ€™re in the land we can reveal him  
He gave them strength for the victory  
And He provides us with the grace to grow in self-control effectively  
So first we pray for the grace of God  
Trust in Him then we put work in like a job  
But self-control is more than just actions  
It happens in the mind so we take every thought captive  
And if we aim to live lives that rep Him well  
We need self control just to humble ourselves  
That means forgiving, considering and loving your brother  
It's carried out in the heart that's given to none other than to God who inspired His word and declared truth  
So we can be living it out and bear fruit

[Hook: Zae Da Blacksmith]

Day by day, minute the minute teach me Your ways  
God, I pray by Your Spirit I will obey  
Every day that You have given to me is grace  
Lord, and all of my deeds and the words I say (X2)
