

The Action Is Go

Fu Manchu

Hold still the sight
When it falls down
Came back to life I see
No one aroundLike I saidLike I saidLike I saidLike I saidLike I saidLike I saidLook 'em in the eye
For a minute or two
Of course that was all they saw
Nothin' left for youLike I saidLike I saidLike I saidLike I saidLike I saidLike I saidMost of them knew
What they had read
Objects from underneathLike I saidLike I saidLike I saidLike I saidLike I saidLike I saidLike I said
