

Lost

Kontinuum

I know where we can go
I know where we can go
And it's all you and me
We'll kiss the sky goodnight Just run away with me, darling
We'll get real lost, we'll get real lost again
Just run away with me, darling
We'll get real lost, we'll get real lost again
Just run away with me darling (Yeah yeah yeah)
Just run away with me, darling We'll get real lost, we'll get real lost again Just run away with me, darling
We'll get real lost, we'll get real lost again
I know where we can go
Where the sun last forever
And it's all you and me
We'll kiss the sky goodnight
Come get lost with me
Just run away with me darling
We'll get real lost, we'll get real lost again
Just run away with me darling
We'll get real lost, we'll get real lost again
Just run away with me darling
(Yeah yeah yeah)
Just run away with me, darling
We'll get real lost, we'll get real lost again
Just run away with me, darling
We'll get real lost, we'll get real lost again
Just run away with me darling
I know where we can go
Where the sun last forever
And it's all you and me
We'll kiss the sky goodnight
